## RULES.

---

### OBJECT.

1.—The Hospital is primarily designed for the accommodation of poor persons suffering from accident or disease. Patients other than the above will only be admitted (except cases of accident or sudden illness) with the sanction of the House Committee, who will fix the rate of payment. They will be expected to pay in addition the usual fees for medical attendance and the cost of any extra nursing that may be necessary in consequence of their presence. Cases of infectious or incurable disease, pulmonary consumption, and advanced tubercular disease of all kinds are not admissible.

### PROPRIETORSHIP.

2.—The Hospital is the private property of Mr. R. J. Streatfeild, and possession may be resumed by him on his giving three calendar months' notice of his intention to do so, but so that such notice shall expire at the close of any financial year. Subject to the above, it is placed at the disposal of the Hospital Committee, rent free.

### MANAGEMENT.

3.—The Hospital shall be managed by a Committee of Governors, together with a Secretary, Treasurer, House Committee and Medical Officers.

4.—The Secretary, Treasurer, House Committee and Medical Officers shall be *ex-officio* members of the General Committee, which shall meet once a quarter, or as often as may be necessary on notice from the Secretary; five to form a *quorum*.

5.—All the Officers of the Hospital shall render their services gratuitously, with the exception of the Matron, who shall receive salary with board and lodging.

6.—The Governors shall meet annually to receive the report of the Committee, to pass accounts, and to elect the Officers and Committee for the ensuing year; but meetings of the Governors may be convened at any time on requisition being made to the Secretary, signed by not less than three Governors.

7.—The Committee shall have power to make Rules and Bye-laws for the regulation of the Hospital, which shall be in force until repealed or amended by a General Meeting of the Governors.

8.—The Bye-laws shall be posted in a conspicuous place in the Hospital.

## **QUALIFICATION OF GOVERNORS.**

9.—Annual Subscribers of 10s. 6d. and upwards shall be Governors of the Hospital, and shall be entitled to recommend one patient for every 10s. 6d. subscribed for the year for which their subscription is paid.

10.—All subscriptions shall be payable in advance, and shall become payable on the 1st July in each year.

## **EXPENSES.**

11.—The expenses of the Hospital shall be defrayed by donations and subscriptions, added to the weekly payments made by the patients.

## **PATIENTS.**

12.—Application for admission shall be made, accompanied by a recommendation from a Governor to the Medical Officers, who shall have power to reject or discharge any case that they may consider unfit to be treated in the Hospital. Cases of accident may be admitted at once without such recommendation, but one must be obtained as soon as possible after the admission of the patient. Patients will not be admitted on Sundays, except in cases of emergency.

13.—Any patient remaining longer than one month in the Hospital must obtain a fresh letter of recommendation for each month of such prolonged residence, or pay the maximum weekly charge of Three Guineas. But patients shall not remain for such further period, except on the express recommendation of the Medical Officers, and with the consent of the House Committee.

14.—Except personal clothing, every requisite shall be provided in the Hospital, and patients shall not be allowed to receive food or drink from any other source without the sanction of one of the Medical Officers.

15.—Patients shall have the utmost religious liberty, and may be visited by any minister of religion they may desire.

16.—The maximum weekly amount to be paid by each local patient shall be £3 3s. Od. per week, and the minimum 15/- (except in especially exceptional circumstances in the discretion of the Tariff Committee). The individual payments within these limits shall be fixed by the Tariff Committee, and be payable weekly in advance, and be guaranteed by some responsible person. Such Tariff Committee to consist of four Governors. Two to be a *quorum*.

The weekly charge for Domestic Servants, when sent in by their employers, shall be £3 3s. Od., unless the Tariff Committee shall specially fix a lower fee. This Rule does not apply to maid servants in the employ of the Medical Officers, who shall be admitted free, or to members of the Sussex Provident Scheme.

Provided there is room in the Hospital without prejudice to the interest of local patients, patients other than those from the neighbourhood may be admitted at such fees as may seem reasonable to the House Committee.

17.—A private ward has been arranged for, to which patients may be admitted on the recommendation of the House Committee, at a charge of £5 5s. Od. per week, together with the cost of any extra nursing they may require. The actual charge in each case to be at the discretion of the House Committee.

18.—Convalescent patients will be expected to assist the Matron in the house-work, or in any other way she may require, according to their strength.

19.—The admission of paupers, the subjects of accident or disease, the attention on whom entitles the Union District Medical Officer to extra payment, shall not interfere with the claims of the said Medical Officer to the usual fees.

### **VISITORS.**

20.—Visitors shall not be admitted to any part of the Hospital, except at such times as may be appointed by the Committee, and with the sanction of the Medical Officers.

21.—A book shall be kept in Hospital in which the names of Visitors and any complaints shall be entered:—The Committee will enquire into any complaints made therein, but only when signed by the person making them.

---

### **BYE-LAWS.**

1.—Patients must, on admission, provide themselves with a change of linen.

2.—No Visitors shall be admitted to any part of the Hospital before 2 o'clock. Friends may visit patients on Sundays and Wednesdays between 2 and 4 o'clock. But the Medical Officers have power in special cases to extend or withdraw this provision.

3.—The Matron will be responsible to the House Committee for everything under her charge, and for the observance of the Rules and Bye-Laws in the Hospital.

4.—The Diet Tables shall be as ordered by the Medical Officers.

## REPORT, 1928-1929.

*The Committee makes the following Report :—*

The deficit of £254 3s. 10½d. for the year ending June 30th, 1928, has been cleared off, owing to the generous response to the Committee's appeal for funds. The balance at the bank on June 30th, 1929, was £39 15s. 9d., and with cash in hands of the Matron (£6 19s. 2½d.) makes a total credit of £46 14s. 11½d.

The Collecting Box scheme realized £96 17s. 3¼d. and 250 boxes were issued. The Committee still have some boxes on hand, and it is hoped that they may be distributed in the near future.

The Donations received from "Entertainments" show an increase of £43, and the figures shown under "Other Donations" have increased from £14 4s. 9d. to £148 15s. 9½d. The receipts from "Patients," including payments from the "Sussex Provident Scheme" have increased by £99.

Thanks are due to Mr. C. A. Hawes, who originated the Collecting Box scheme by a gift of 25 boxes, and to the following donors: R. J. Streatfeild, Esq., 50 boxes; E. H. Sweet, Esq., 50 boxes; also to an anonymous donor of 50 boxes.

Thanks are also due to the following: Mrs. Bar-chard for organising the Women's Institute Bazaar; Mrs. G. Dumsday, who raised £33 15s. 6d. by a "House-to-House" Collection; Mr. Arthur Beckett, who organised the *Sussex County Herald* "Shilling Fund;" also to the numerous kind friends who

have organised various kinds of entertainments, or who have taken Collecting Boxes on behalf of the Hospital during the past year.

The Committee also desires to thank Mrs. O'Grady for her generous gift of a massage couch; Mr. Winn for a carrying chair; also Mr. E. Taylor for work done gratis; Mr. French for attention to the X Ray engine; and the Women's Section of the Red Cross Society, who have volunteered their services on several occasions.

The expenses of the Hospital for the year ending June 30th, 1929, are £837 13s. 7d., as against £992 13s. 2 $\frac{3}{4}$ d., for the previous year. There has been a considerable reduction in almost every item.

The Committee regrets that Miss G. Fletcher has resigned from her post as Matron, and desires to express its appreciation of the way in which she has carried out her duties during the difficult period through which the Hospital has passed. A new Matron has been appointed, but cannot take up her duties until October, and Miss Fletcher has kindly consented to stay on until then.

Miss M. R. Scarlett resigned her office as Hon. Collector as from December 31st, 1928. Her resignation was accepted with regret, and the Committee desires to express its appreciation of her services.

To carry on the work of collecting subscriptions the Committee appointed Mrs. E. Taylor, Mrs. G. Dumsday, Mrs. Leaney and Mrs. P. S. Bridger for Uckfield, also representatives in the adjacent parishes.

The Committee also acknowledges with grateful thanks a number of gifts in kind, viz.: game, flowers, fruit, vegetables, books, papers, old linen, etc., and specially the contributions to "Pound Day," which produced no less than 1130 lbs. of goods and £11 18s. 6d. cash.

The number of In Patients treated during the year, including six who were in Hospital at the commencement, was 104, with an average stay of 2 weeks, 1 day.

The following is a summary of all cases treated during the year with distribution :—
